

New Conductor's Stand

Thanks to the Cincinnati Symphony Club's generous gift, we were able to replace the conductor's stand, which was damaged in our 2017 European Tour.

This stand was used throughout the end of the 2017-18 season and was used during our summer performances; including the Parks performances and Patriotic Pops on July 4.

New Travel Podium

The Production Team was able to purchase a new compact, lightweight travel podium to be used on run-out concerts and tours. The podium made its debut for the Cincinnati Pops annual Parks performances this summer and was most recently used at Patriotic Pops on July 4.
